ISLAND WILL NOT GO TO MEXICO

Jack Happer Says State Department Has No Intention of Trading.

J. A. Happer, who with mayor Joseph U. Sweeney went to Washington to protect the interests of El Paso in the Chamizal case, returned this morning having left the mayor at San Antonio. He says that mayor Sweeney will arrive in El Paso Wednesday morning. Mr. Happer said: "Residents and property owners of the island may rest assured that it will not be traded to Mexico. The proposition was brought up by American citizens, but was not approved by the officials. There is a plan, however, which has been approved, whereby the whole Chamizal matter will be adjusted within three or six months. This matter is now in the hands of our secretary of state and the Mexican ambassador, but I do not care to make a statement as to what this agreement is until after the return of mayor Sweeney, who will arrive in El Paso Wednesday morning. All I can say is that a settlement, satisfactory to everyone, will be effected."

FINED \$50 FOR COURT CONTEMPT

Lower Valley Man Is Held on Charge of Violating Injunction.

William Carroll of San Elizario, charged with violating an injunction granted by Judge A. M. Walthall, was fined \$50 in the latter's court when tried on a charge of contempt of court Monday. It was charged that Carroll had stopped water from flowing through a ditch on his land, although an injunction was granted G. N. Garcia and others, commanding him to cease interfering with the ditch. Carroll claimed that he had dammed the ditch to prevent the water from running into gopher holes along the banks and going to waste.

A NEW ELECTRIC TREATMENT

Electropodes are metal insoles, worn in the heels of the shoes. One is a negative and one a positive plate. The body becomes the battery, the nerves the connecting wires—over which a gentle flow of electricity passes, building up the entire system.

What They Cure
Rheumatism, Neuralgia, Headache, Kidney Trouble, Backache, Weak Heart, Sleeplessness, Lumbago, Stomach and Liver Complaints are positively cured by Electropodes—or money refunded.

Your Protection
Your Druggist signs a contract to refund the \$1.00 you pay him for Electropodes if they fail to effect a cure, or if they should, after 30 days' free trial, prove unsatisfactory.

Electropodes are available. If your druggist cannot furnish them, send us \$1.00 and we will see that you are supplied. In ordering, state whether for lady or gentleman.

OVERFATNESS CONDEMNED.
Fat, or even fattish, women readers who want to be in the mode this year must understand that the demand is for lines, not curves, and govern themselves accordingly.

That means OFF with the fat. It has become a duty. Many are trying exercise or dieting; but it is certain they will find these methods too slow and unreliable. The cheapest and safest way to get in form for the directoire mode is by means of the famous Prescription Tablets. Any druggist (or the Marmola Co., 737 Farmer Bldg., Detroit, Mich.) will give you a large sized case of these elegant little fat reducers, containing a good, generous supply, for 75 cents, and even this quantity should be enough to make a decided impression on your excess fat. Many have lost as much as a pound a day.

These Marmola Prescription Tablets may be used with impunity and likewise perfect confidence, for, being made strictly in accordance with the famous Marmola Prescription, they are, of course, quite harmless. They are rather beneficial than otherwise, in fact, never disturbing the stomach or causing a wrinkling of the flesh.

How to Prevent Gray Hair

When gray hairs first begin to appear, prompt action should be taken to nourish the scalp and prevent their further spread. Regular brushing, massaging of the scalp and occasional shampooing help to prolong the vitality of the hair and preserve its natural color. But it is absolutely essential that these methods be assisted with some form of vital nourishment which the decaying roots of the hair can absorb. Numerous preparations for this purpose have appeared on the market during the past twenty years, but many of them have proved more harmful than other authorities and those who have put it to the severest tests that HAY'S HAIR HEALTH is the safest and most effective preparation for restoring prematurely gray hair, and furnishing the right food to the scalp. Its constantly increasing sale and the fact that it has held its great popularity for nearly a quarter of a century is proof that this entire satisfaction of users. All reliable druggists recommend it and sell it in 50 cent and dollar bottles, or it can be purchased from the manufacturer, Philo Hay Specialties Co., Newark, N. J. U. S. A.

ENTHUSIASTIC HOSTLERS ALREADY

The Contestants Are Receiving Hearty Support From Hosts of Friends—Starting Is the Only Difficulty.

Every mail is bringing enthusiastic letters from contestants who have been out among their friends in quest of subscriptions and who are very much elated at finding the work of vote getting so easy. It isn't the hustling in itself which is so difficult—making the start is where the trouble comes in. Once started, contestants find hosts of friends who are more than willing to help them along both with subscriptions and by hustling for them. There may be many who up to this time have not received the paper, but their standing because they do not feel that they are fully acquainted with the contest details. If this is so the contest editor will gladly furnish the desired information at once. This office to assist contestants in this way to open always and for the accommodation of the contestants The Herald has made every preparation possible to facilitate the immediate answering of all correspondence received from candidates.

In sending in the names of subscribers be sure that the correct addresses are given as the failure to give a correct address often results in the subscriber not receiving the paper promptly. Delays occasioned by such oversight are vexatious and may create the impression among friends that the contestant may have been lax in attention to the details which would assure prompt and correct delivery of the paper to those who had helped increase the vote.

Every new subscriber you secure is an added supporter in the ranks of your cohort. The excellence and quality of The Herald's news and features will immediately appear to any person who may not have been taking the paper up to the time you approached them and secured their subscription. This pleasing fact will lead them to suggest to their friends that they also take The Herald and quite naturally you will be the one to whom the prospective subscriber will be referred.

A rolling coupon is now being printed in the paper to be sure to get your friends out there and save them for you as they rapidly pile up to quite a considerable item in your vote standing. Coupons to be counted must be carefully trimmed and mailed to the contest editor, El Paso Herald, in a flat package. Coupons rolled or sent in form will not be counted, as time cannot be taken to straighten them out.

WILEY CASE MAY GO TO JURY LATE TODAY

Slowly but surely the last chapter of the Wiley case in the 34th district court draws toward an end and before tomorrow morning it is expected a verdict will be returned.

At 2 o'clock this afternoon M. W. Stanton, for the plaintiffs, will commence the closing argument, making a plea finally to go to the jury. He will be asked to either dispossess W. W. Wiley, a negro saloon keeper, from the place he occupies, blocking the opening of South Oregon street through Eighth street, or to adjudge him the rightful owner of the land.

The case has been on trial nearly two weeks and during the time consumed there has been much historical testimony introduced by both sides.

T. & P. ROLLING STOCK VALUATION FOR TAXATION

Dallas, Tex., March 22.—The Texas & Pacific railroad today rendered its Texas rolling stock valuation for taxation, the valuation being placed at \$2,240,000, or \$2885 per mile.

TEXAS FRANCHISE TAX IS GROWING RAPIDLY
Austin, Tex., March 22.—Secretary of state Townsend today announced that franchise taxes have grown to three quarters of a million dollars annually, while back in 1895 the amount was \$50,000 and was used to support the confederate government. Now it is part of the state's regular revenues.

WANT GUARD COMPANIES.

Austin, Tex., March 22.—Adjutant general Townsend today received applications from Athens, Bastrop, Temple and Arlington to form National Guard companies. While there are now only two vacancies some companies may be disbanded after inspection, so all four applicants may be permitted to organize companies.

J. E. Wharton, who was engaged in the trial of lawsuit at Alamogordo all last week, returned home last night.

A HUMAN ENGINE.
Without good fuel the 20th Century Limited would travel little faster than a common yard engine. It takes good fuel to develop power, endurance and speed. Every ambitious man is anxious to push forward, to get ahead, yet many are "coasting up" on food prepared with lard, regardless of the fact that lard is indigestible and really clogs up the system, just as poor coal clogs the grates with clinkers. Don't eat lard-baked food; eat food prepared with COTTOLENE, a vegetable oil cooking fat, so pure, wholesome and easily digested that physicians recommend it even for invalids. "COTTOLENE" shortens your food, lengthens your life and you will travel farther, swifter and easier on it than on food prepared from the fat of the hog.

COOPERATIVE PLAN IS FAVORED BY MERCHANTS

(Continued From Page One.)

The Kinney Shoe Store. "Especially the freight rates need the joint attention of the merchants."

"It is a good thing if we can get the business men out to organize," said W. T. Hixson. "I was chairman of the committee last year and we couldn't get a quorum together. The idea is fine."

The Way to Build City.
"I am always ready to join any movement for betterment," said Max Posener. "I am of the opinion that in order to bring people here you have got to give them an attraction. I do not think just the idea of refunded fare will be an inducement. I think we should get up something every year that is entertaining. Some proposition like the fair—something to see—is all right."

"That is a good thing if it is worked systematically," was the enthusiastic remark of H. L. Potter, of the Potter Drug company. It has been done successfully in eastern cities. It does up the country towns and brings the people into the city to trade. I lived a short time in a suburban town of 30,000 people, 50 miles out from Chicago. All the town had was one meat market and two grocery stores. The people got rebates and other inducements and did all their trading in Chicago. That is what it will do here. My idea would be to work on systematic lines. After watching the effect for a year or so the system could be modified, according to circumstances. I certainly would be in favor of it. That is the way to build a city."

Good for Community.
"It is a good thing for the community, providing they all pull together," is the opinion of J. U. Northman, of Calisher's. "That is the secret of it," he continued. "They have associations, but sometimes they don't pull together. El Paso is progressing, but we can go too fast."

"It remains to be seen whether refunds draw large crowds. They will do a lot of good though, and encourage people to come here and shop."

"The out of town business is the least. The most good an association can do is to eliminate abuses that exist at the present time in the way of discounts and things of that sort to people not entitled to them."

Harmony Urged.
Of a Retail Merchants' association, J. Kaminski, milliner, said: "I think it would be a good thing if the expense is not too great. I feel that I could do my share in bringing people here to trade. An organization which harmony all the way through is what we want."

"It is a good idea all right. If it is got up on proper lines, it is a mighty good thing," remarked R. E. Bryan, of Bryan Brothers. "We would be willing to cooperate."

Anti Keno.
"I think that is a mighty good thing. Get together on all things," said Scott White. "I wish a petition signed by more than 2,000 people of El Paso, protesting against the keno games in Juarez would be sent to president Diaz, and I believe he would have the games closed."

General Approval.
N. Lapowski, proprietor of El Progresso, said: "I think it is a very good idea."

Victor Carusso, manager for Haymon Krupp, proprietor of the Bazaar, who is out of the city, said: "I am in favor of it."

Arnold Strelitz, proprietor of "The Millinery World," said: "I think it is a good idea. It seems to me the plan would bring trade here."

Curran Favors It.
P. H. Curran, proprietor of Curran's bookstore: "I think it would be a very good thing and have thought so all the time. I have helped other merchants and think there should be more cooperation. The general public might understand that the move is for the purpose of raising prices, but I do not understand it that way."

Harris Krupp, proprietor of "The Famous," said: "There is no doubt about it being good. I'm in favor of it."

Also Favors Saturday Closing.
M. Koblenz, manager of "The White House," who is an advocate of Saturday closing: "I think an association of merchants a good thing if they will get together as they do in other cities."

SUIT TO FORFEIT THE LICENSE OF A SALOON

San Antonio, Tex., March 22.—The first suit for forfeiture of license on account of the violation of the Texas Robertson-Pittsburg closing law, was filed in the district court today by county attorney Tom J. Newton, against Blas Hernandez.

The latter is charged with keeping his saloon open after midnight on Saturday, March 12.

Are You Satisfied With Your Figure?

A little talk with our corsetiere may explain the reason why you're not, for nine times out of ten it's because of wrong corseting. Perhaps the corset is too long or too short in the waist; too full or too scant in the bust or hips—or exactly the wrong model for your figure. Through such faults as these you're uncomfortable and fail to look your best.

Now, to overcome all these defects, let our fitters fit you—as carefully as though it was for their own wear—making such alterations as are necessary for your comfort and good figure.

Undoubtedly you'll want a new corset for Easter. We have every quality from \$1.00 to \$18.50—American Lady, Lyra, Warners' Rust Proof, Nemo, and Madame Irene in the new models for spring.
